

2019 Response Sheet for Parent Teacher discussions

Student: _____ Teacher: _____ Parents: _____

At Essex Heights PS we are interested in how **you see** your child at home and at school. Take a moment to think about the following statements/questions/sentences and make brief notes on your child's social and academic development, interests, attitudes, strengths and special needs. Please return this response sheet to the classroom teacher (via your child) in a sealed envelope by the end of this week.

- How your child interacts with brothers/sisters or extended family members-cousins/grandparents:

- Your child's interests and activities at home:

- Your child's previous or present experiences/events/changes in family circumstances that you consider significant:

- Your child's structured activities outside school (sports/ music/ further schooling/ Before or After School Care Program)

- Your child's attitude towards school and/or learning:

- What do you think are your child's strengths/positive characteristics?

- Your child's special needs/areas he/she needs support socially/emotionally/academically?

- Anything else?

Would you like to assist in the school/classroom helpers program? Eg literature compilation, laminating, photocopying, class parent representative, sporting, PMP, special activities or events. If yes, please specify.

Thank you
