Monday, 18th April, 2016.

Dear Parents,

To complement our Communication theme, John Broughton, an experienced radio presenter and educator will share his knowledge of radio production with all students. They will learn more about the various roles people play in radio, prepare and perform radio announcements, news bulletins and or interviews and develop their listening and speaking skills. The ninety minute sessions will be held in our hall and all parents are welcome to attend. Students will have their lesson on Monday 23rd of May or Monday, 6th of June.

The cost is $10:00. Please complete the details on the attached envelope and return it to the class teacher by Friday, 20th May, 2016.

Many thanks,

Year 3 Teachers.
