**ESSEX HEIGHTS P.S.**

**BEFORE AND AFTER SCHOOL CARE**

“All Essex Heights Childcare Programs will provide a safe, enjoyable, hygienic and caring environment that meets the needs and expectations of the parents and children.”

The Essex Heights Primary School OSHC Program acknowledges the importance of play and leisure in children's learning and development. Educators, parents and children collaborate to ensure that the program provides situations that are meaningful to the children and support their well being, development and learning.

The program uses the Department of Education and Early Childhood Development endorsed learning document "*My Time, Our Place, A Framework For School Aged Care in Australia*" to guide program planning.

This document deals with five learning outcomes which are essential to the holistic development of a child and are designed to capture the development and learning for all children.

These are:

1. Children have a strong sense of identity
2. Children are connected and contribute to the world
3. Children have a strong sense of well being
4. Children are confident and involved learners
5. Children are effective communicators.

Through a wide variety of activities our program draws on a rich repertoire of practices which promote and stimulate children's learning.

These are:

- Holistic approach to a child's development
- Collaborating with children
- Planning and implementing play and leisure activities
- Creating physical and social school age care environments that have a positive impact on children's development well being and community building
- Valuing the cultural and social contexts of children and their families
- Providing for continuity in experiences
- Enabling children to have a successful transition
- Reflecting and evaluating children's well being and learning which is documented to help and support children.

**OVERVIEW**

We aim to provide a safe, stimulating and diverse program that is driven by The Essex Heights community.
We have successfully completed the Department of Education & Early Childhood Development compliance audit and received an ‘EXCEEDING’ rating.

Staff are retained to provide familiarity to children and parents.

All educators have Department of Education & Early Childhood Development approved qualifications. Several educators are undertaking study in the teaching/childcare field.

Bookings are not essential for Before or After care.

We provide Childcare Rebates and Childcare Benefits.
