- It is expected that students preparing for a Grade 3 or above exam receive weekly 45 minute lessons.

- It is important a student be in command of the material presented at exams to make the most of the experience.

## Information for Exam Class

- Classes commence the week beginning 22<sup>nd</sup> February and end 11<sup>th</sup> November.
- Classes may be streamed into levels and run before and/or after School.
- The maximum number of students per class is 5.
- Please mark all possible available times on the enrolment form found in the Exam Class Handbook or Theory Class Handbook.
- Make-up classes will not be provided.
- Written consent from a parent needs to be received to change to a different class time.

## Theory Exam

- A group class designed to prepare students for A.M.E.B. Music Craft or Theory of Music Exams (Theory Exams).
- A pass in Theory Exams is a pre-requisite for higher level instrumental exams and VCE Music Units 1-4. However, an earlier start is favoured at most schools.
- Knowledge of Theory supports a student's understanding of notation, including intervals, rhythm, pitch and musical language for their instrument.
- Students are expected to complete set theory exercises during and outside class time.

## Purchase of a Piano

- A piano, either acoustic or digital, is the ideal instrument on which to progress
- If the above is not practical initially, then a touch-sensitive keyboard will suffice for the first year of learning.
- The names and details of recommended piano stores can be obtained from the teacher.
- The teacher can recommend a suitable keyboard model for you to purchase at an affordable price.

## Purchase of a keyboard

- The purchase of a keyboard is highly recommended for each student.
- Keyboards range in cost and quality
  - - \$300+ good quality,
    - \$100-300 reasonable quality.
- Available at most music shops.
- Avoid buying a keyboard from a supermarket or toy shop.

## What you need for the first lesson

### Music Book

- When a music tutor book is required, the Teacher will advise the name and price of the book and music shops where it is available.
- A display book with plastic inserts to hold pieces of music additional to the music in the tuition books.

### Music Bag

- A bag used purely for your child's lessons is highly recommended to keep music books, scrapbook, ensemble folder and the Music Record Book together.
- The student's name should be written on the bag.
- Something similar to the picture below is recommended. However, any bag will work well.

### Music Record Book

- Each student is required to use the Music Record Book supplied by the School at the first lesson, with a \$10 charge per book on your School statement.
- Sometimes called a "Little Green Book" or "Music Diary"
- This is the main communication tool between teachers, parents and the student.
  - Teachers write weekly goals to be achieved, progressive lesson count and urgent messages.
  - Students should place it near their **music** and read before each practice session, and complete the practice register on each page.
  - Parents are encouraged to sign the practice chart before each lesson.
  - It should be kept with the student's music books and be brought to each lesson.
- Replacement books can be requested from the Instrumental Teacher and will be charged on your School statement.
- When a student fails to bring their Music Record Book to 4 consecutive lessons, a new book will automatically be provided and charged on the School statement.

## Practice

- A student should be encouraged by parents to establish a regular practice routine
- A beginning student can manage 10 minutes per session
- A student should aim to practise between 5 to 7 days a week
- Practice should be in a room with:
  - limited distractions
  - Preferably not in a totally isolated environment

## Helpful Hints

- A student should enquire at the Music Office when a Teacher cannot be located.
- The night before a lesson, a student should place their music and Music Record Book inside their school bag.
- A student may wear a watch or bring an alarm clock as a reminder to go to a lesson. Please do not bring mobile phones to school.
- Occasionally a student loses interest in learning their instrument. These may be momentary lapses of enjoyment and with the right encouragement a student can persevere through these times. If you are concerned, contact the Instrumental Teacher to talk over how best to support your child.
- A student's progress may slow for a short time because they are facing a difficult technique or concept that takes more effort to achieve. Extra support during these times will enable your child to overcome and work through these moments. Please contact the instrumental teacher for specific advice. Or the following points may help:
  - Make an agreement with your child about how many days a week they will practice.
  - For a regular practice routine, it's best to set a specific time of the day when one reminder from a parent should help.
  - A practice chart on a wall that your child can see often, using stickers or stars, and having short, medium and long term rewards.
  - Opening the instrument case and getting ready for "practice later" often inspires the "pick up the instrument and play straight away".
